# Structure of FFA

---

The FFA operates on local, state and national levels. Student members belong to chapters organized at the local school level. Agricultural Education instructors serve as chapter advisors. Chapters are organized under state associations headed by an advisor and executive secretary, often employees of the state department of education. States conduct programs and host annual conventions.

The National FFA Organization, governed by a Board of Directors and a Board of Student Officers, charters state associations; provides direction, programmatic materials and support; and hosts the National FFA Convention, which draws more than 45,000 attendees each Fall. The National FFA Alumni Association's more than 40,000 members in 1,200 affiliates assist in the continued growth and development of active FFA programs.

## Applied Learning

The agricultural education program provides a well-rounded, practical approach to learning through three components: Classroom education in agricultural topics; hands-on supervised agricultural experience, and FFA.

## Agricultural Department and FFA Membership

Choice Learning Academy adheres to guidelines and policies provided by the Texas FFA Association. Texas FFA allows local discretion of the school to adopt more stringent membership guidelines as deemed necessary.

-Texas FFA Guidelines: <https://www.texasffa.org/>

-National FFA Guidelines:

<https://www.ffa.org/About/WhoWeAre/Pages/The-Official-FFAManual.aspx>

## FFA Dues

Annual CLA FFA dues are \$30. This includes dues for Local, District, Area, State, and National FFA Associations. Membership also includes a subscription to the FFA Horizon Magazine, which will arrive sometime after January 1st. According to Texas FFA guidelines, members must be enrolled in an Agricultural Science Class to be an FFA member and participate in activities.

## An Active Member

A

Are you an active member, the kind that would be missed?  
Or are you just content that your name is on the list?  
Do you attend the meetings and mingle with the flock?  
Or do you stay away, and criticize and knock?  
Do you take an active part, to help the work along?  
Or are you satisfied to be the kind that just belong?  
Do you ever go to visit, or call a member who is sick?  
Or leave the work to just a few, who call themselves, "the clique?"  
There's quite a program scheduled that we're sure you've heard about.  
And we'll appreciate it very much if you will help us out.  
So come to meetings often, and help us with hand and heart,  
Don't just be a member, but take an active part.  
Think this over friends, you know what's right from wrong,  
Why not be an ACTIVE MEMBER, and do not, "just belong".

## FFA Jackets

FFA Jackets and ties/scarves can be purchased through the National FFA website ([shopffa.org](http://shopffa.org)). Please allow 4-6 weeks for delivery. All members are encouraged to purchase an FFA Jacket if they have plans of competing on LDE's or CDE's. A tailored jacket is \$85, and a standard sized jacket is \$60.(also required to purchase tie-\$18 or scarf-\$13).i All jacket orders will be placed by a CLA instructor.

## CLA Junior FFA

Jr. FFA membership is open to Pilot Point ISD students in grades 3 (8 years old)-8. Dues for Junior Members will be based on the campus chapter dues. Joining the Jr. FFA allows the member to participate in local meetings as well as showing at school sponsored stock shows under the discretion and supervision of the Choice Learning Academy Teachers. Since they are not enrolled in a high school Agriculture class, they are not allowed to participate in LDE's or CDE's.

## Fundraising

The FFA provides many activities throughout the year that require money. The entry fees for contests, community service projects, food and refreshments at meetings, animal project assistance, and supplies for the banquet require a large sum of money. Your are asked to participate in whatever fundraising activity that we have. The more money that our group makes, the more activities we can provide to your. Please take an active role in supporting your chapter.

## Competitive Events

Students who are members of Choice Learning Academy FFA have the opportunity to participate in various LDE, CDE, SDE and other competitive events. Students participating in these events are required to be academically eligible and in good standing in the FFA chapter. Students who do participate, for any reason, in a contest/event after registration has closed must reimburse CLA FFA for their entry fee. The student will not be eligible to participate in any other CLA FFA activity until this fee is paid. Students who are graduating and have outstanding fees owed to the CLA FFA will be subject to a hold on their diploma. (Livestock Shows are not included in this category; please see the section labeled "Major Livestock/Project Shows and Fairs" for specific information on those.)

# FFA BASICS

## The FFA CREED

- I believe in the future of agriculture with a faith born not of words but of deeds - achievements won by the present and past generations of agriculturists; in the promise of better days through better ways even as the better things we now enjoy have come to us from the struggles of former years.
- I believe that to live and work on a good farm, or to be engaged in other agricultural pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.
- I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.
- I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so - for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.
- I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

The following policies and guidelines apply to the Choice Learning Academy Agricultural Department and Choice Learning Academy FFA/Junior FFA. As a leadership organization, students must be enrolled

in an agricultural science class, be a member of the CLA Chapter and have current yearly dues paid, and

be in good standing. Students are subject to dismissal from the organization for misconduct in any of the following areas:

insubordination, truancy, cheating, alcohol violations, sexual misconduct, illegal drugs, the use of tobacco products or vapes, and violations of the CLA Student Code of Conduct or major breaches of the FFA Code of Ethics. The FFA advisors and/or The Superintendent of Schools reserve the right to add or amend these guidelines and rules as deemed necessary. This document will be kept updated and located on the CLA district website, as well as the Choice Learning Academy FFA Google site. It will be the responsibility of FFA advisors, students and parents to utilize these websites to obtain and/or refer to the most current version of this Document.

# Animal Projects and Care of Project

---

No animal will be housed at CLA or by CLA. All animal's housing and care will be the sole responsibility of students and families. Each animal must be cared for in a proper manner. The student is responsible for proper care of his/her project. This includes adequate nutrition and hydration for proper growth, the development of the project, cleaning the pen and surrounding area.

- PENS- Shavings and feces are to be removed daily. If there are shavings, they should be replaced as needed.
- FEED- Projects are to be fed one to two times daily. For example, if an animal is fed at 7am, it should be fed also at 7pm. BE CONSISTENT, animals are creatures of habit.
- WATER- Fresh, clean water should be supplied daily to your project. Empty water buckets are unacceptable; they should be filled every day during feeding.

# **Student Expectations**

Students traveling and representing the CLA FFA, with or without an advisor, are expected to follow the CLA students Code of Conduct and perform to high standards and expectations, including but not limited to: being a positive role model of the FFA, speaking highly of their peers and chapter, using appropriate language, and dressing appropriately. Actions that may represent CLA FFA in a negative manner, including but not limited to: misconduct, negative profanity, disregarding proper ethics at events, not abiding by the set rules while traveling, and anything that advisors deem unacceptable will result in a consequence. (See the misconduct portion of this contract.)

All content of this document is at the discretionary interpretation of CLA Administration and teachers for determining consequences for inappropriate behavior. These terms are as follows:

- A "Three Strike" discipline system is used by the CLA FFA advisors. Any student failing to fulfill the obligations of the project, contest, team, etc. in accordance with the rules and guidelines set forth by the FFA advisor will receive a "strike". Infractions include, but are not limited to, missing a project meeting/weigh day without prior notice, missing an FFA contest or event without prior notice, neglect of animals, after one warning from AST, failure to perform required duties before and/or during the fair, not following rules set during travel. - **2nd strike:** A meeting will be held with the parent, student, lead Ag Science Teacher, and an administrator.
- **3rd strike:** Removal from the program, and if applicable, removal of the animal project from the school barn.
